

Energy Assessment & Solutions Program

MAKING ENERGY-SAVINGS POSSIBLE

The Georgia Power Energy Assessment & Solutions Program (EASP) is designed to **assist income-eligible customers with energy savings** through education and free home efficiency improvements.

The program offers customers valuable information on ways to **save money on their energy bill**, while keeping their home comfortable and efficient. Program participants will receive a complimentary in-home assessment, analyzing potential energy-saving opportunities, followed by free home energy improvement services performed by a program contractor.
